SMART WALLPAPER
ONE ROLL. ONE DESIGN. ZERO WASTAGE.

SMART WALLPAPERS

Modern Bytes

One Roll, One Design, Zero Wastage

Smart Wallpaper is a newest concept launched by the Excel Wallpapers.

It's a hybrid futuristic wallpaper concept where in Wallpaper meets Wall Murals.

Conceptualised, Design and produced in India by Excel.

Design Concept:
Normally in a traditional wallpaper rolls, the design repeat is smaller and we see same motifs getting repeated in a smaller regular intervals - we have broken this barrier by the concept of Smart Wallpapers --- Here the motif size is larger which does not give a repetative effect so a wide range of design concept can be experimented on walls.

Roll Size:
This wallpaper comes in roll size of 20" X 360"=50 sft --- Consisting of design matched three panels of 20" X 120" each, in one single roll. So ZERO wastage in design match.

Continuous Pattern:
Unlike Wall Murals and very much Like Wallpapers you can extend the design on larger width walls and match the design continuously in multiple of rolls.

No Customisation:
Get rid of the hassle of customisation with ready to install rolls and prematched design. Just select the design and order the number of rolls required.

So treat yourself with the luxury of Wall Mural packed with the convenience of Wallpaper.

Modern Bytes

Introducing Smart Wallpaper solution which focuses on the balance of Care & Creativity. This wallpaper collection comes with ZERO wastage of paper while installing it and printed with water-based ink to ensure no harmful chemicals are used in it.

This unique collection comes with modern color palletes, beautiful motifs, designed in a format for breath-taking wall presentations of the highest quality to create your own, novel interior world. The motifs are scaled in a way that it gives a unique feel every time you see them.
